

Regional Corporate Office Concept Brief

Natpower Industrial Corporation Pty Limited, South Africa
Strategic Operations Support for Southern Africa

Executive Mandate & Vision

Shaping the future of Africa through resilient infrastructure and industrial excellence.

GLOBAL NETWORK INTEGRATION

Zambia Operations Hub

Natpower Industrial Corporation Limited, Zambia, serves as our operational heart, driving a diversified portfolio in mining, energy, and agriculture across major African markets.

South Africa Regional Office

A strategic corporate command center providing technical, financial, and logistical backstopping for operations in Zambia, DRC, Angola, and Namibia.

CORE CORPORATE VALUES

Integrity & Safety

Upholding world-class standards in hazardous material transport and chemical production to protect our people and environment.

Innovation Driven

Advancing Africa's energy transition through pioneering solar farm design and technical EPC+F excellence.

Operational Excellence

Delivering seamless logistical support and technical expertise to the SADC region through Walvis Bay corridors.

MINING & INDUSTRIAL CHEMICALS

Our chemicals division provides a full range of metallurgical solutions for critical mineral processing:

- ✓ Copper, Gold, and Cobalt Leaching Plants
- ✓ Concentrator & Smelter Process Chemicals
- ✓ Mining Waste Water Purification
- ✓ Industrial Acids for Detergent Production

SPECIALIZED HAZARDOUS LOGISTICS

Our logistics arm operates a premium fleet of **Acid Tankers** specifically designed for the bulk delivery of hazardous materials across Southern Africa.

Key areas of focus include safety compliance, real-time fleet tracking, and specialized handling for mining and detergent industries across Zambia and the DRC.

AGRICULTURE & VETERINARY DIVISION

Poultry & Husbandry

Comprehensive solutions for Layers, Broilers, and Ruminants; plus Veterinary Pharmaceuticals for livestock health.

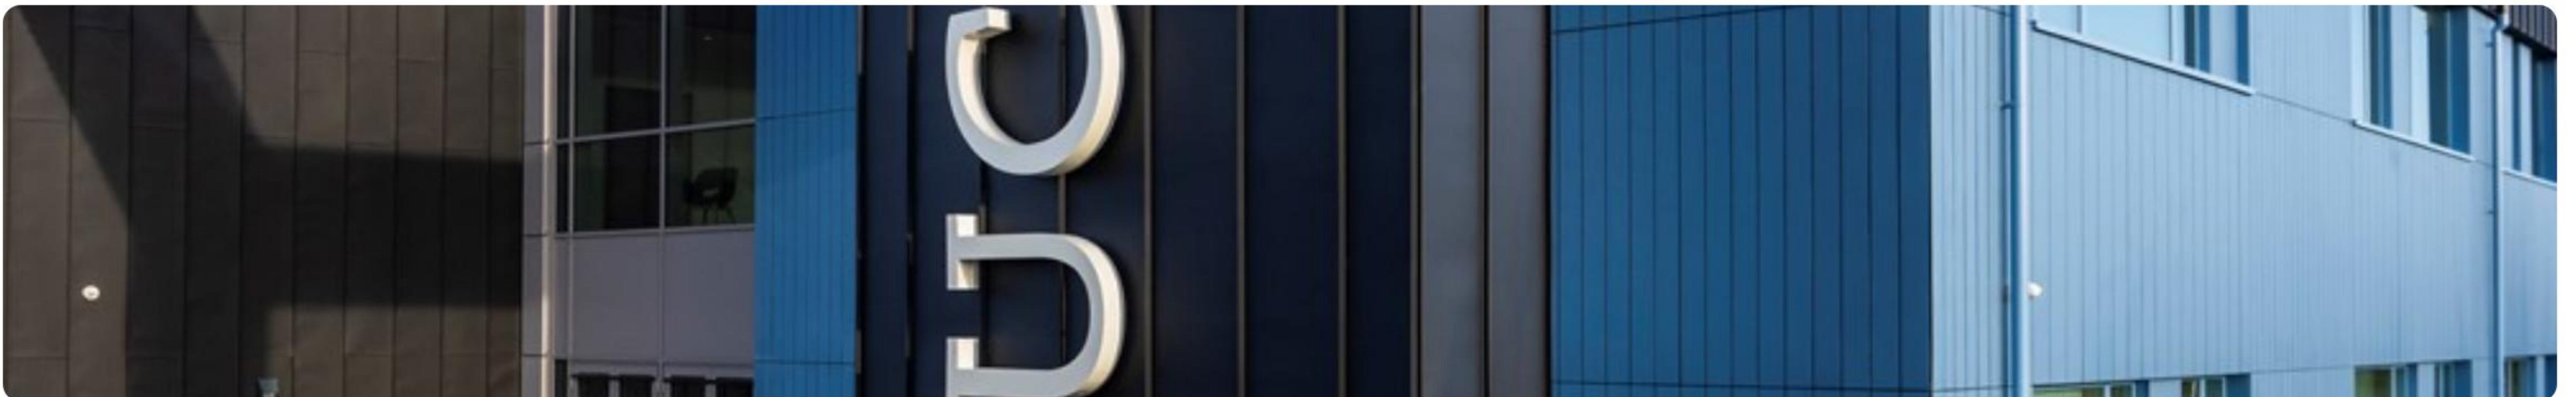

Aquaculture

Technical support for Tilapia, Cat Fish, and Ornamental fish farming with advanced feeding systems.

Crops & Mushrooms

High-yield fertilizers, herbicides, and specialized mushroom production technical pipelines.

Renewable Energy Excellence

Leading the design and construction of utility-scale solar farms under full EPC+F models.

250 Megawatt Project

Copperbelt Energy Corporation (CEC)

FUEL & LUBRICANTS TRADING

Mining Energy Support

Supplying critical fuels and high-performance lubricants to the mining hubs of Zambia and DRC to ensure zero downtime in mineral production.

Logistics Support Hub

The South African office manages Walvis Bay importation and logistical pipelines for high-volume Sulphur Granules and liquid energy shipments.

Regional Logistical Flow: Walvis Bay Port → Zambia Hub → DRC Operations

REGIONAL OFFICE ORGANOGRAM

Position Category	Position Title	Primary Responsibility
Administrative	Regional Managing Director	Strategic Oversight & SADC Partnerships
Technical	Chief Technical Officer (Renewables)	Solar EPC+F Design & Technical Support
Financial	Regional Finance Manager	Project Financing & SADC Trade Logistics
Technical	Operations & Logistics Manager	Walvis Bay Corridor & Acid Tanker Fleet
Administrative	Head of Corporate Services	Human Resources, Legal & Compliance

REGIONAL SETUP ROADMAP

Phase 1: Setup

South African Entity
Registration
(External/Subsidiary) and
Office Location Selection.

Phase 2: Compliance

CIPC Public Officer
Appointment, Tax Registration
(SARS), and Port License
Renewals.

Phase 3: Integration

Hiring of Technical Experts and
Financial Integration with
Zambia Hub.

Phase 4: Scale

Full logistical support
activation for Walvis Bay
Sulphur Granules pipeline.
